Connecting the Community, Through People, Facilities and Programs

An Update from the City Manager

I hope that everyone had an excellent holiday season, and I am always amazed by how fast time goes by, as we transition into a new year. As I begin my second year as your City Manager, I look back on many challenges overcome, and look forward to the many opportunities yet to come. I believe we have delivered and maintain financial responsibility in our City government, while continuing to provide an exemplary level of full service to our residents and business owners.

I enjoyed participating in Colton's traditional holiday events, including the City's Thanksgiving dinners at Hutton & Luque Community Centers, and the annual Chamber of Commerce Christmas Parade. Attending our Thanksgiving dinners, which served over 400 residents, was a privilege, and reminded me about the true meaning of Thanksgiving. Walking in the Christmas Parade and seeing Colton residents of all ages lining the parade path, was another excellent example of the history of this City, and its continuing support of family and community.

2011 will be an eventful year for the City of Colton. As our newly-elected City Council settles in, we continue to face economic challenges. As the City's Utility Users Tax sunsets in June of this year, we will continue to tighten our belts for the new fiscal year in July. The City must find new ways to fund, streamline and deliver existing services to our customers, while always striving to add and improve services whenever needed. As daunting a task as this is in our continuing lackluster economy, I remain optimistic that our staff is up to the challenge. I see over and over how this community rises to meet challenges, and pulls together to make sure that its citizens are well represented and provided-for.

Your City of Colton staff truly is second-to-none. Despite shrinking budgets, your staff continues to provide excellence in service. Whether responding to an emergency, maintaining our streets & parks, planning for development, providing senior & after-school programming, overseeing utilities, servicing customers, or preparing the City's budget, you can count on effective, efficient service with a smile. I am proud of the Colton staff team!

I remain honored to serve as Colton's City Manager - I look forward to meeting and talking with you in the coming months. To that end, if you have any questions or comments regarding the City and its direction, please feel free to contact me either by telephone at (909) 370-5051, or by email at rfoster@ci.colton.ca.us.

Happy New Year!!!
